*For we are co-workers in God's Service: you are God's field, God's building. 1 Corinthians 3:9*

Because American Baptists gave to the OGHS offering last year, we had the resources to provide immediate relief. Today, gifts received in 2019 are being used around the world to provide personal protective equipment (PPE), food relief and economic support.

The American Baptist Home Mission Societies has issued an appeal for funds to provide relief here in the US and Puerto Rico.

International Ministries has done the same for relief outside the US and Puerto Rico. To date, over \$70,000 has been provided to more than 32 partners in 22 countries around the world. And this is just the beginning.

As your congregation considers receiving the OGHS annual offering this year, I understand that not everyone will be able to give as they have in the past. Some are struggling with an uncertain financial situation from the loss of income. I am very sensitive to this and do not want to encourage you, to ask people to give financially beyond their ability during these trying times. If that is the case within your church, thank you for standing with **One Great Hour of Sharing** and continued to support the offering with your prayers. For those who can give, encourage them to support the offering as they have in the past and with any additional offering they can give to provide for COVID-19 response.

With prayers for your safety and wellbeing,

Lisa Rothenberger-Winter

World Relief Officer
